Mr. Farrell Secakuku
Secakuku Enterprises
P. O. Box 55
Second Mesa, AZ 86043

Dear Mr. Secakuku:

This correspondence refers to the December 4, 1999 removal of three underground storage tanks (USTs) and subsequent cleanup activities at your service station in Second Mesa, AZ, on land of the Hopi Tribe.

Our review of the closure documents and analytical results for soil samples collected at the UST site indicates no hydrocarbon concentrations above appropriate EPA, Region IX or tribal soil cleanup levels.

The information submitted has assisted EPA in assessing the status of this site, which does not appear to pose a current threat to human health and the environment. Therefore, EPA is not requiring further action at this time.

Please call Walt Guggenheimer at (415) 744-2094, if you have questions or need more information.

Sincerely,

Lester Kaufman, Chief
Underground Storage Tanks Program Office
