Dear Mr. Young:

Be gay
EPA is in receipt of additional information regarding the underground storage tank (UST) removals and installation at the Thriftway, *Bengaye* Business lease site, Chinle Chapter, Chinle, Arizona. EPA requested information on the final disposal of the removed tanks and submittal of an UST notification form for the new USTs installed, in a March 15, 1991 letter.

✓
EPA has received the UST notification form for the newly installed tanks and details on the proper disposal of the old USTs which were removed. This site does not currently appear to pose a threat to human health and the environment. EPA is not requesting any further action at this time.

Any additional response regarding this case should be submitted within 30 days of the receipt of this letter. If you have any questions, please contact me at 415-744-2081.

Sincerely,

Matthew Small, Hydrogeologist
Native American Lands
Office of Underground Storage Tanks
