Mr. Charles B. Jimerson, P. E.  
Equipment Administrator  
Arizona Department of Transportation  
Highways Division, Equipment Services  
2225 South- 22nd Avenue  
Phoenix, AZ 85009

Dear Mr. Jimerson:

The Environmental Protection Agency received the 4th quarter 1993 Progress Report for ADOT's Parker facility located in Parker, AZ on lands of the Colorado River Indian Tribes.

The latest information submitted and a complete file review has assisted EPA in assessing the status of this site. It does not appear to currently pose a threat to human health and the environment. **No further action is required by EPA at this time.**

Due to the excellent cooperation between your department, your environmental consultant and this office remediation has progressed rapidly and has shown impressive results of the level of clean up.

Sincerely,

Matthew Small, Hydrogeologist  
Office of Underground Storage Tanks
