Dear Mr. Kay:

This correspondence refers to your letter and to Envirotech, Inc.'s letter, dated November 17, and November 19, 1997, respectively, regarding an additional boring at the Keams Canyon Shopping Center Site in Keams Canyon, AZ, on land of the Hopi Tribe. In a letter dated October 3, 1997, the U. S. Environmental Protection Agency (EPA) requested one additional soil boring/monitoring well at this site.

EPA and Mr. Dan Wadsworth of the Water Resources Department of The Hopi Tribe have reviewed all the information submitted previously and concluded that this site does not pose a threat to human health and the environment. EPA is not requiring further action at this time with respect to the Keams Canyon Shopping Center site.

Our records indicate that a new service station was constructed at this site with two newly installed USTs. The station was put into service in August 1997.

Please call Walt Guggenheimer at (415) 744-2094 if you have questions or need more information.

Sincerely,
