P.O. Box 1199  
Shiprock, NM 87420

**Subject: CCSD New Bus Barn (NAV-014), Site Closure**

Dear Mr. Waters:

This correspondence refers to the "Groundwater Monitoring Report" dated April 24, 2003, that was prepared by Envirotech, Inc. for the CCSD new bus barn, located in Shiprock, NM, on land of the Navajo Nation.

The analytical results for soil samples collected at the UST site indicates no hydrocarbon concentrations above appropriate EPA, Region IX or Navajo Nation EPA (NNEPA) soil and groundwater cleanup levels. The information submitted has assisted EPA and NNEPA in assessing the status of this site, where four underground storage tanks (USTs) were removed on (date). Based on this data, this site does not appear to pose a current threat to human health and the environment. Therefore, EPA and NNEPA are not requiring further action at this time.

Please call Walt Guggenheimer of my staff at (415) 972-3377, or Henry Haven at the NNEPA at (928) 871-7997 if you have questions or need more information.

Sincerely,

Steven C. Linder, P.E., Manager  
Underground Storage Tanks Program Office
