Dear Mr. Carras:

The U. S. Environmental Protection Agency (EPA) received the Annual Remedial Monitoring/Closure Report prepared by Delta Environmental Consultants, Inc. for the Teec Nos Pos Maintenance Facility of the Arizona Department of Transportation (ADOT). The maintenance facility is located in Teec Nos Pos, Arizona on land of the Navajo Nation.

The information submitted has assisted EPA in assessing the status of this site. It does not appear currently to pose a threat to human health and the environment. EPA is not requiring further action at this time.

Our records show that there are no other USTs at this site. If new USTs are installed, Tank Notification Form 7530-1 must be submitted within thirty days of the start-up of the new facility.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lester Kaufman".
