

Search and Discovery 101 Video 3 (Search Results)

The third video includes interpretation of EDG search results and where to find additional information about EDG functionality. The following topics are discussed:

- How to Evaluate Resources Returned from a Search
 - Search Result Icon
 - Search Result links to access Resources
 - Search Results through the Rest API
- How to Review a Metadata Record
- How to View Metadata Relationships within the EDG
- How to Access the EDG Help System
